

**KING PLASTIC CORPORATION**

# RoHS Statement

King Plastic Corporation

Our products are inherently heavy metal (lead, cadmium, mercury, etc.) free. With this in mind, King Plastic Corporation certifies that the products produced for your requirements are compliant with:

RoHS (Restriction of Hazardous Substances)

This is to inform you that the products listed below meet the safety and regulatory requirements for certification to the European Union's RoHS Directive, citation 2002/95/EC and its amendment directive 2005/618/EC. King Plastic Corporation does not intentionally add any lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyls, including penta bromodiphenyl ethers, decabromodiphenyl ethers (DBDE) and octa bromodiphenyl ethers, during the manufacture of this product. Furthermore, based on the knowledge of the manufacturing process and information provided by our raw material suppliers, we would not expect this substance to be present in our product.
